## The purposes of the Council are:

- 🔥 To provide a forum for addressing the issues, barriers and advancement of prescribed fire use in Arizona.
- 🔥 To promote a general public understanding of the benefits of prescribed fire use and the role of fire in our diverse fire-dependent ecosystems.
- 🔥 To promote safety, training, and research in the art and science of prescribed fire.
- 🔥 To facilitate planning, coordination and implementation of multijurisdictional prescribed burn projects, utilizing best management practices to ensure desired outcomes.
- 🔥 To promote effective prescribed fire and smoke management best practices, regulations, and policies to ensure the continued use of safe and appropriate use of prescribed fire.
